CLIENT

Ajah was founded around 350 years ago by Ogunsemo and Oijapon families. British Colonial officials helped establish the city as a strategic T-Junction between Lagos, the villages to the East of Lekki, and those North of Ajah, such as Addo or Langbasa.

The first Chief of Ajah, Ogunsemo Anadupo, gave parts of Ajah's lands to 42 Chiefs' families and 10 higher rank Chief families - 10 King Mikas.
